September 1, 2021

Hi Amy,

Thank you so much, again, for being so helpful with steering me to the right people within the Colchester Public Schools community to discuss school supply donations!

This donation is derived from our 1st Annual Gear Up For Fall promotion. The promotion is all about getting your home's exterior ready for Fall and thus ready for winter… PLUS at the same time, each contract signed would help "Gear Up" the kids for school too.

Through this promotion, we were able to give Colchester Schools a $160 donation.

After speaking to those in charge of the school supply drive, we were able to fill a cart up with 1-inch binders, 3-subject notebooks, 5-subject notebooks, and dividers.

We hope that next year will be bigger and better!

Thank you & have a wonderful school year!
